# Most Importent

## One thing you should always check

Before making payment to anyone, make sure to check whether he is trusted or not, whether he has worked for people like you before or not and whether he can give results or not.

### About Us

More than 1100 people have given us feedback on our good work and the proof of this is in the next slide of the presentation.

### About Us

More than 1700 customers have paid us and we have done not just better but excellent work for them and this is our identity.

### About Us

We have spent more than Rs 2.3 crores on Meta Ads, if we add up all our clients till date and this is the reason behind our experience.

# Results

## Must Check Highlights

- Initially, I had a personal Instagram ID on which I created all the highlights, but that got disabled and hence, now all the highlights have been uploaded on the company's Instagram ID.
- It is not possible to show so many results at one place, so all the results and proofs of my ads have been uploaded in highlights.
- Go to Instagram ID and check all the results. You can find it by searching for Instagram ID or by following the link in the description.

# Industries

## We Are Excellent Working In These Industries

- **Affiliate/Network Marketing**
- **E-commerce/ Drop-shipping**
- **Offline Shop/Business**
- **Real Estate**
- **Telegram Subscribers**
- **Travels/Weddings/Photography/**
- **Astrology**

# Budget & Service Charge

## What Is Budget?

When we place your ads on Meta (Instagram, Facebook, WhatsApp), you have to add a budget, also known as a fund, in the Meta Ads Manager app. This budget is for daily use, which means you will get leads according to the amount you spend in a day.

Service Charge means the payment you make to us for placing your ads and for all the services we provide to you.

### Tailor

A tailor also takes payment in two ways: Firstly, he charges for his hard work and skill, which means the service charge, and secondly, you buy the cloth that you want to get stitched.

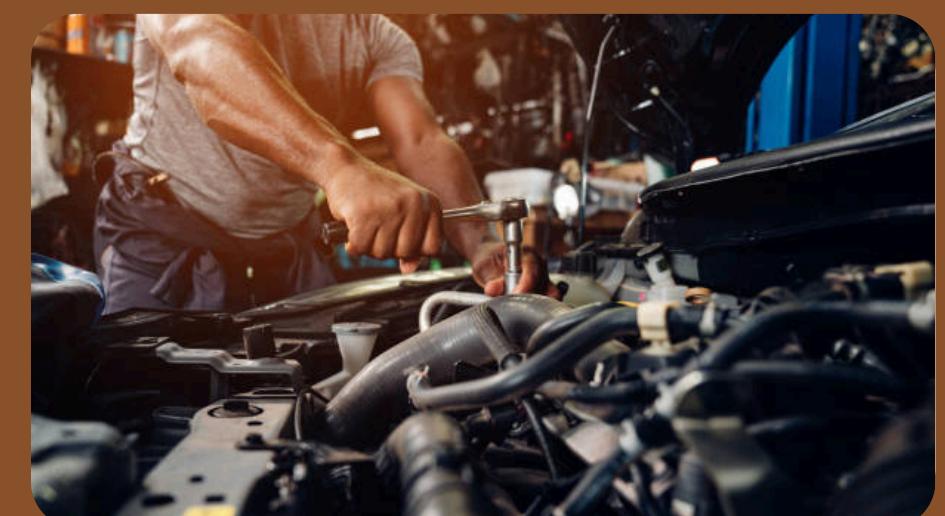

### Painter

A painter also takes payment in two ways: Firstly, he charges for his hard work and skill, which means the service charge, and secondly, you buy the paint and materials needed for the work.

### Mechanic

A mechanic also takes payment in two ways: Firstly, he charges for his hard work and skill, which means the service charge, and secondly, you pay for the parts or items that need to be replaced or installed.

# Make Safe Payment

## Must Pay With Only Our Website

- Many people scamming people using our name or by copying us, so make payments only through our website's payment method. We don't accept payments anywhere else, neither on any other account nor on our personal account. Payments are made only through the website, which goes to the name of LeedsArtist. If you make payments elsewhere, we won't be held responsible. We have no role in it.
- You must pay the service charge through the website, and you pay the budget amount directly to Meta. We are not responsible for making payments anywhere other than the Meta Ads Manager app, such as to someone's QR code or number, even if they are a team member. We never ask for payments on our QR codes or numbers, nor will we ever do so. If someone, even pretending to be a team member, asks for them, do not make the payment; otherwise, you will be caught, and we will not be responsible.
- Even when you go to make payment on the website, the banking name should be LeadsArtist.

# Conclusion

## This Is The Time -

**As a businessman, I've learned one thing: you should never delay action.**

You always teach others to move fast, because opportunities don't wait.

But if you yourself hesitate, then the loss is only yours.

The sooner you take action, the sooner your work begins... and the sooner you start seeing real growth.

Respect your time, make the decision now, and position yourself to achieve faster success in the days ahead.
